Our Products

We feature body essentials made from naturally moisture-rich oils and butters, made in small batches, using the highest quality ingredients. All of our soaps and lotions contain **Shea Butter**, an amazing butter rich in vitamin A, E and D. Our soaps are made with a high percentage of Olive oil which is rich in antioxidants and nutrients, as well as quality oils such as Avocado, Sweet Almond and Jojoba. Our products are preserved with the gentlest ingredients available, and are **free of Parabens, Mineral oil, and Sulphates**.

Our Commitment to Quality

We are proud signers of the **Campaign for Safe Cosmetics**, a coalition of U.S. based health and environmental groups working to help protect consumer. We are also proud to announce our affiliation with **PETA'S** Caring Consumer Program. Dingo complies with all of PETA'S cruelty-free criteria requirements.
